

The National Earth System Prediction Capability (ESPC) welcomes your engagement at sponsored sessions at the **American Meteorological Society Annual Meeting** (AMS, January 12-16, 2020, Boston, MA) and **American Geophysical Union Fall Meeting** (AGU, December 9-13, 2019, San Francisco, CA):

Session	Conference/Symposium	Date/time/location
<u>Leveraging Industry HPC Capabilities to Advance Earth System Prediction</u>	AMS - Sixth Symposium on High Performance Computing for Weather, Water, and Climate	Session 2 – Tuesday, January 14 1:30 – 2:30 PM, Room 155
<u>Advances in Model Technologies for High-Resolution S2S Predictions</u>	AMS - Eighth Symposium on the Weather, Water, and Climate Enterprise	Session 4 – Tuesday, January 14 3:00 – 4:00 PM, Room 252B
<u>Advanced Physics and Physics Interoperability in Community Models</u>	AMS - 30th Conference on Weather Analysis and Forecasting (WAF)/26th Conference on Numerical Weather Prediction (NWP)	Session 12A – Thursday. January 16, 10:30 AM – 12:00 PM, Room 257AB
<u>High Impact Event Prediction on Subseasonal to Interannual Timescales</u>	AGU - Atmospheric Sciences	Oral (A34E): Wed. Dec. 11, 4:00 – 6:00 PM Moscone W – 2000 L3 Posters (A41P): Th. Dec. 12, 8:00 AM – 12:20 PM

Please direct any questions to the conveners:

National ESPC Associate Project Manager - Jessie Carman (Jessie.carman@noaa.gov)

National ESPC Program Coordinator - Bonnie Brown (bonnie.r.brown@noaa.gov).
